## AK590 / AK591 STARSHIP TECHNIQUES BEGINNER · LEARNING WARGAMES Nº1

AK590 English. 96 pages. Soft cover. Lerning Format 240x170mm.

AK591 Castellano. 96 páginas. Tapa blanda. Formato lerning 240x170mm

*This is the first volume of a collection dedicated to the world of war gaming. When a traditional wargame painter decides to improve his skills and reach the Tabletop profile, he faces several recurring challenges. These include assimilating a large number of techniques, learning to use new products and tools, paying more attention to every detail. This path, while rewarding in terms of results, also requires effort and sacrifice.*

*For amateurs who want to make the leap to the Tabletop profile, as well as for those who want to further improve their painting and, occasionally, make exhibition pieces, this series based on the format of the successful Learning series will serve as a guide and reference. Each volume focuses on a specific theme, from vehicles to figures, and provides the reader with a wide range of knowledge and techniques to help hone their skills. This first volume is dedicated to aircraft from different themes with different decorations.*

**Este es el primer volumen de una colección dedicada al mundo de los wargames. Cuando un pintor de wargames tradicional decide mejorar sus habilidades y alcanzar el perfil tabletop, se enfrenta a varios desafíos recurrentes. Estos incluyen asimilar una gran cantidad de técnicas, aprender a usar nuevos productos y herramientas, prestar mayor atención a cada detalle. Este camino, aunque gratificante en términos de resultados, también requiere de esfuerzo y sacrificio.**

**Tanto para los aficionados que quieren dar el salto al perfil tabletop, como aquellos que buscan mejorar aún más su pintura y, de forma puntual, realizar piezas de exposición, ésta serie basada en el formato de la exitosa serie Lerning servirá de guía y consulta. Cada volumen se centra en una temática específica, desde vehículos hasta personajes, y brinda al lector una amplia gama de conocimientos y técnicas que ayudan a perfeccionar sus habilidades. Este primer volumen está dedicado a las naves de distintos juegos con distintas decoraciones.**

## STARSHIP DETAIL WASH

This product is formulated to apply washes and highlight panel lines on grey surfaces and on other neutral colors. It is recommended to be applied on glossy or satin surfaces. It can be diluted with White Spirit, and the tools can also be cleaned with White Spirit (AK011 or AK047).

Este producto está formulado para realizar lavados y remarcar las líneas de paneles en superficies grises y sobre colores neutros. Se recomienda aplicar sobre superficies brillantes o satinadas. Se puede diluir con White Spirit, y las herramientas se limpian también con White Spirit (AK011 o AK047).

**AK637**

## STARSHIP STREAKING GRIME

This product is formulated to make streaking effects and dirt marks on the fuselage of aircraft, robots, vehicles, etc.. Use this color making vertical lines or accumulations of dirt with a fine brush and then blending with a brush moistened with White Spirit (AK011 or AK047).

Este producto está formulado para realizar escurridos y marcas de suciedad en el fuselaje de naves, robots, vehículos, etc. Usa este color realizando líneas verticales o acumulaciones de suciedad con un pincel fino y luego difuminando con un pincel humedecido en White Spirit (AK011 o AK047).

## STARSHIP ATMOSPHERIC DIRT

This color is designed to make accumulations of dirt on different parts of Robots, aircraft, vehicles, etc. Use this color for making accumulations of dirt with a fine brush in strategic places and then blend it with a brush moistened with White Spirit. The color is very realistic on any type of Sci-Fi piece.

Este producto está formulado para realizar acumulaciones de suciedad en distintas partes de Robots, naves, vehículos, etc. Usa este color realizando acumulaciones de suciedad con un pincel fino en lugares estratégicos y luego difuminando con un pincel humedecido en White Spirit (AK011 o AK047). El color resulta muy realista sobre cualquier tipo de pieza de Sci-Fi.

**AK639**

## WEATHERING SCI-FI SET

This set contains 3 enamel effects to create a multitude of interesting finishes on Sci-Fi, Mechas, Gunpla, etc. aircraft and vehicles. The effects are specially developed to match the effects and the predominant tones of the theme.

Includes:

- AK 636 STARSHIP DETAIL WASH
- AK 637 STARSHIP STREAKING GRIME
- AK 638 STARSHIP ATMOSPHERIC DIRT

Este set contiene 3 efectos enamel para crear multitud de acabados interesantes en naves y vehículos de Sci-Fi, Mechas, Gunpla, etc. Los efectos están desarrollados especialmente para adecuar los efectos y los tonos predominantes en la temática.

## SPECIAL BRUSHES FOR LIQUID PIGMENTS

**ABT860-1**

### ABT LINER BRUSH 1 (18MM LONG HAIR)

1,50€

Liner brushes are the perfect complement for applying liquid pigments. Elongated for easy insertion into the bottle and with a high loading capacity, they allow the pigment loads to be precisely applied to the surfaces to be powdered. These brushes are also very useful for creating patina effects on vertical surfaces.

*Los pinceles liner son el complemento perfecto para la aplicación de pigmentos líquidos. Alargados para una fácil inserción en el envase y con una gran capacidad de carga, permiten aplicar con precisión las cargas de pigmento sobre las superficies que se desean empollar. Estos pinceles también tienen una gran utilidad para efectuar efectos de pátinas en superficies verticales.*

**ABT860-2**

### ABT LINER BRUSH 2 (22MM LONG HAIR)

1,60€

Liner brushes are the perfect complement for applying liquid pigments. Elongated for easy insertion into the bottle and with a high loading capacity, they allow the pigment loads to be precisely applied to the surfaces to be powdered. These brushes are also very useful for creating patina effects on vertical surfaces.

*Los pinceles liner son el complemento perfecto para la aplicación de pigmentos líquidos. Se compone de maquinaria y mobiliario que puede ser utilizados como objetivos o elementos de decoración en cualquier tipo de escenografía o en diferentes escenas.  
Incluye 14 piezas (7 modelos diferentes).*

# AK HIGH QUALITY MODELING ABS

**ABS IS A THERMOPLASTIC TERPOLYMER THAT COMBINES THE BEST QUALITIES OF ACRYLICS, BUTYRENES AND STYRENES.**

**EL ABS ES UN TERPOLÍMERO TERMOPLÁSTICO QUE COMBINA LAS MEJORES CUALIDADES DE LOS ACRÍLICOS, BUTIRATOS Y ESTIRENOS.**

This material is stronger than styrene and more flexible to work with.

Thanks to these qualities, it is a material appreciated by architects for the realization of scale engineered structures. ABS is also one of the best plastics for vacuum forming and has excellent bonding characteristics, not only to itself but to other commonly used plastics. Its shiny surface is unaffected by most chemicals, even aggressive products. It bonds with ABS glue, cyanoacrylate or two-component glue (\* do not use normal plastic glue).

*Este material es más resistente que el estireno y más flexible para trabajar.*

*Gracias a esas cualidades es un material apreciado por arquitectos para realizar estructuras en ingeniería a escala. El ABS es también uno de los mejores plásticos para vacuformes y tiene excelentes características de unión, no solo a sí mismo sino a otros plásticos de uso común. Su superficie brillante no se ve afectada por la mayoría de los productos químicos, ni siquiera por productos agresivos. Se pega con pegamento ABS, cianoacrilato o pegamento de dos componentes. (\* no usar pegamento de plástico normal).*
